Observation drawing / painting

Come face-to-face with a badger,  
look a hedgehog in the eye!

Select from our extensive collection  
of British animals for an expert-led  
art session with a difference.

Pupils will also look at the  
works of established animal  
artists to fire their imagination,  
and develop their appreciation  
of different techniques and  
approaches when drawing  
animals.

When available, original  
works of art from the Artworks  
Collection are used, otherwise  
quality images are provided in  
their place.
