

# dinosaur discoverers

Schools Outreach Session  
for Foundation Stage / Year 1

Unpack the contents of the old palaeontologists' chest to discover the dinosaur fossils he found on his travels. Children will handle genuine museum artefacts and scale replicas to find out how these dinosaurs lived.

- Excavate real fossils and find out which prehistoric creature they came from

- Make your own fossil out of clay
- Play 'Guess the Dinosaur' with our feely bag game
- Look at our fantastic skulls and skeletons and make your own field notes

Session length: 1 hour
